Dr. Jerry Puskin
ORIA (6602J)
Environmental Protection Agency
401 M. Street, SW
Washington, DC 20460

Dear *Jerry* Dr. Puskin:

Thank you for the Environmental Protection Agency's \$500,000 contribution to the Joint Coordinating Committee for Radiation Effects Research (JCCRER) Project 1.1, population dose reconstruction. The money has made it possible to fully fund this important project in 1997.

Your interest, insight, and participation as a member of the JCCRER Executive Committee has brought an important new dimension to the project. I look forward to continuing our work together.

Sincerely,

A handwritten signature in black ink that reads "Frank".

Frank Hawkins
Director
Office of International
Health Programs
